## Stainless Sifters & Conveyors for the Animal Feed, Salt, Petfood Industry

Alvibra® is also offering competitive stainless steel solutions within industries for animal feed, petfood, salt and chemicals – in basic industrial non-dairy execution.

Standard Vibratory Conveyors & Sifters - or special designs for custom requirements.

Equipment finish is adapted to the industrial requirements with more cost effective designs, finish and features – of course without compromising the high Sifting & Conveying quality of which Alvibra® is well known for.
